A portable light box to make your message shine

With the Expand LightBox Portable, your message and brand can stand out at any trade show or event – both large and small. It is easy to set up, take down, pack in the nylon bag and put in your car to take to your venue. It can work as a free-standing backlit wall or as a part of a configuration by connecting multiple backwalls. All you need to create an entire booth are support feet and connectors.

Highlights:

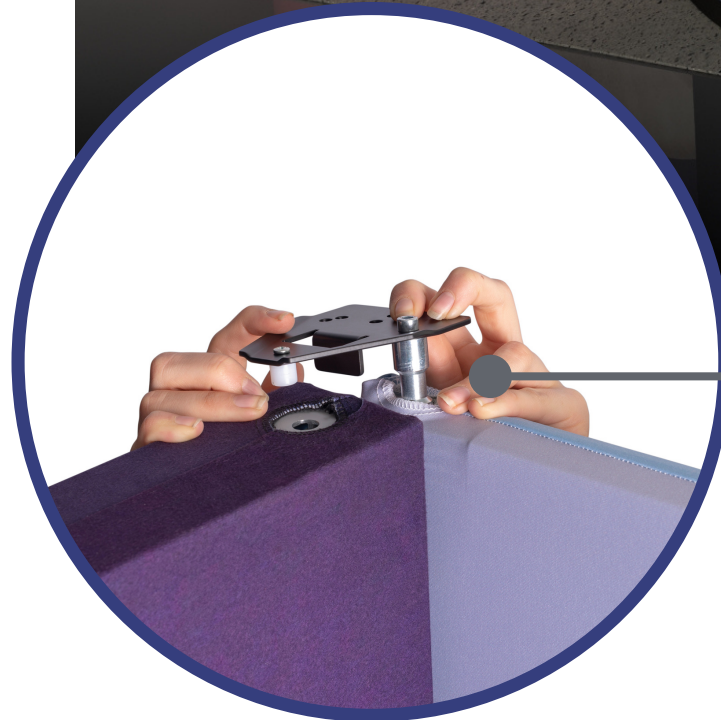

- Lights up with custom designed LED-lights, preventing hot spots
- Comes in different sizes
- Choose between a single or double-sided fabric graphic
- Easy to set up and take down –no tools required
- Portable - delivered in a nylon bag
- Can also fit into our convertible shipping case, the Expand PodiumCase

Great to create an ambience for :

- Retail display
- Entertainment venues
- Restaurants
- Airports
- Dealerships
- Trade shows
- Designer Brand Displays

Add a light box to create a focal point that draws everyone's attention with lit up graphics. The Expand LightBox Portable easily connects with Expand GrandFabric walls.

Connector
