

Expand QuickScreen 3

7 different colours & easy to change graphics

Expand QuickScreen 3 - the original

Available in seven colours - find one that compliments your image. With its attractive and unique design, this roll up offers an extra dimension of exclusivity. Its high quality provides for long term use. When your message needs to be updated, you just slide out the old graphic and slide in the new using the base over and over again. The smart cassette system makes it easy to change your graphics.

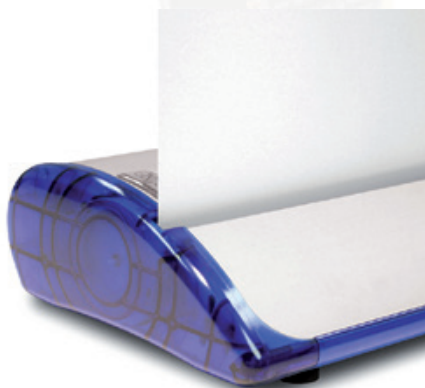

Width: 50, 85 and 100 cm. Height: 160 - 225 cm (telescopic pole). Weight: 5 kg.

Add a spotlight to highlight your message

An Expand PodiumBox is a perfect complement to your Expand QuickScreen 3. It functions both as a podium and as a transport box. When you are finished, you simply put your displays and other accessories in the box and wheel it away. The box fits into the boot of your car.

The Expand QuickScreen 3 is easy to transport in the practical nylon bag.

Choose a colour that goes with your message or logo.

Your message can easily be altered by using a new image cassette.
